Kirk Stierwalt Professional Chute

A. 7-1/2' Kirk Stierwalt Professional Cattle Chute

We worked closely with Kirk Stierwalt to develop this one-of-a-kind chute sure to become an industry favorite! This self-contained all aluminum chute is fully collapsible, with the side bars, top bars and head piece fitting securely within the base for easy transportation and storage. Once in upright, in-use position, this easy-to-assemble chute is extremely sturdy and user-friendly.

- Spring loaded side bars for easy removal and adjustment
- Six hinge pins and four bolts with wing nuts for added stability
- Triangle head piece with three tying options for clipping at different angles
- Side bars can be placed horizontally or angled in various positions for grooming purposes
- Powder coated side bars and head lock prevent any oxidized aluminum from rubbing off
- Head lock features strong springs and a rounded handle for easy positioning
- Rounded bottom cross bar of head lock sits lower than other chutes for safety of the animal and to prevent damage to fitted hair should the hoof or leg go over the bar
- Assembled chute measures 36" W x 122-1/2" L x 75" H, including triangle head piece and handles
- Collapsed chute measures 36" W x 104" L x 16" H, including wheels and handles
- Chute weighs 118 lbs.

69-5100

"With this line of locally-built, all aluminum equipment, our goal was to produce the highest quality craftsmanship in the industry so your customers know you carry only the best chutes, trimming stands and showboxes. Our attention to details like piano hinges, flush door latches, and a unique swirl design will set our equipment apart from the competition and have your customers noticing the difference in quality."

B. Padded 7-1/2' Chute Floor

To prevent fatigue, sore legs and stiffness from standing, the unique design of this chute floor helps keep cattle of all sizes comfortable. The 1-1/2" thick closed cell foam padding covers the entire length of the floor to eliminate gaps the animal can stand in. This chute floor works perfectly with our Kirk Stierwalt Professional Chute, but its universal sizing makes it great to use on other brands of chutes as well.

- Sealed exterior grade lumber eliminates moisture absorption and warping
- Closed cell 1-1/2" thick foam padding for extra comfort
- Durable outdoor carpet prevents liquids from getting inside
- Easy to clean with pressure washer
- Measures 31" W x 89" L x 2-1/2" H
- Weighs 45 lbs.

Sealed exterior grade lumber, thick closed cell foam and rugged outdoor carpet make up the high quality, durable construction of this chute floor

NEW!

Universal sizing works great with our Kirk Stierwalt Professional Chute as well as other chute brands in the industry

"What I really like about this chute are the extra length and height, the powder-coated round bars that keep the aluminum from rubbing off on the cattle, the multiple tie options for easier grooming and the solid padded floor that accommodates different sizes of cattle. My favorite aspect of this chute, however, is the quality craftsmanship that you won't find anywhere else in the industry. To me, this chute is in a league of its own!"

A. No visible seams or bolts on outside of box

Depth accommodates an upright 5 gallon bucket

A. Medium Chest Style Showbox

Small enough to fit in limited space but large enough to hold the essentials, this aluminum show box is perfect for fairs or jackpot shows! The reinforced lid makes this box strong enough to sit on while the hydraulic shocks allow the lid to easily open and close and prevent it from falling unexpectedly. Spring loaded handles on each end lay flush with the sides of the box for easy carrying and to eliminate catching on obstructions. Two removable trays that slide out of the way are perfect for storing liquids, aerosols and grooming supplies while combs, show sticks and whips snap easily into the lid.

- Removeable trays feature black protective lining to eliminate sharp edges
- Each tray measures 10-1/2" W x 21-1/2" L x 4" D
- Inset latch with built-in lock comes with a two-piece key set
- Box measures 24" W x 40" L x 21" D
- Weighs 66 lbs.

B. Hanging Showbox

A favorite with swine exhibitors, this handy showbox hangs easily with a convenient chain and hook and holds all the grooming essentials like liquids, aerosols and brushes. Spring loaded handles on each end lay flush with the sides of the box to eliminate catching on obstructions while a top handle allows for easy, one-person carrying. The T-handle with built-in lock allows for easy open and close and comes with a two-piece key set. When open, the reinforced door hangs perpendicular to box and serves as a convenient shelf.

- Two show whips snap easily into lid
- Zinc plated over steel chain and hook
- Box measures 16" H x 51" L x 9" D with door closed
- Weighs 33 lbs.

C. Weaver 4' Two-Door Dolly Showbox

This durable aluminum showbox with two swinging doors and swirl pattern is unlike any other 4' box found in the industry! Mounted on wheels and featuring a rounded dolly handle welded directly to the back, this box is easy to move and transport. Additional design and safety features like rounded outside corners and a black protective lining on the inside edges help reduce possible injury from sharp edges and separate this top-quality showbox from the competition.

- Small door includes six hooks for hanging show halters, rope halters and neck ropes
- Large door features three shelves to securely hold aerosols and liquids
- Comes with a two-piece key set used to unlock both doors
- Three inner shelves and one drawer hold grooming tools and show day products
- Large bottom inner shelf can fit a blower, gallon products and/or clipper boxes
- Four show sticks snap and lock easily in place on the back with inserts, clips and a tip cover

D. Weaver 5' Two-Door Dolly Showbox

With a unique, never-before-seen swirl pattern, this durable aluminum showbox is full of features that make it stand out from the standard livestock industry boxes. With rounded corners, lined inside edges, and no bolts or seams showing on the outside, this sleek box features hooks, shelves and a drawer perfect for all grooming and show day needs. This easy to move and transport box is mounted on wheels and features a rounded dolly handle welded directly to the back.

- Small door includes six hooks for hanging show halters, rope halters and neck ropes
- Large door features four shelves to securely hold aerosols and liquids
- Inset latches with built-in locks come with a two-piece key set used to unlock both doors
- Four inner shelves and one drawer hold grooming tools and show day products
- Large bottom inner shelf can fit a blower, gallon products and/or clipper boxes
- Four show sticks snap and lock easily in place on the back with inserts, clips and a tip cover

69-5001

C.

4' Showbox measures 24" W x 48" H x 20" D and weighs 106 lbs.

All seams are welded to perfection

Inset latches with built-in locks sit flush with the surface and are more secure and easier to open than the competition

No visible seams or bolts on outside of box

D.

5' Showbox measures 24" W x 60" H x 20" D and weighs 125 lbs.

Secure show sticks in place with locking cover

Carry all grooming and show day needs in one easy-to-transport box!

Complete with Curved Head Piece

Shown with front legs elevated

A. Trimming Stand

Unlike others on the market, this trimming stand is light enough for women and children to carry and durably constructed to handle long days of trimming and clipping. Easy to transport, this stand folds completely flat and features hinge pins to help keep legs secure when carrying. The front and back legs easily fold via strong piano hinges that also help distribute the animal's weight evenly.

- A wide pad base on each leg provides extra stability
- Front legs adjust up and down to level the stand or to elevate the front of the animal
- Straight and curved head pieces are made of thick aluminum for strength
- Head piece adjusts up and down for comfort of animal and ease of trimming
- Plastic chain holds animal's head in place
- Knobs securely tighten the leg and head adjustments
- Rounded corners eliminate sharp edges
- Three heavy-duty aluminum cross bars support the wire mesh floor
- Measures 24-1/2" W x 48-1/2" L x 19" H in upright position
- Measures 24-1/2" W x 48-1/2" L x 5" H in collapsed position
- Weighs 25 lbs.
- Each head piece measures 46"
